First Name: _____ Last Name: _____

ID: w_____

DO NOT REMOVE THIS QUESTION PAPER FROM THE ROOM

It must be returned to the test invigilator at the end of the test You may use this paper for your rough work, but all your answers must be entered on the Blackboard test.

You have been asked to produce the Orchids website as shown below. The first picture (Figure1) illustrates the home page. The second picture (Figure2) shows what happens when the user hovers over the navigation options (in the example below in Figure2, the user hovers over “Offer”). You will find the code for the CSS file and the HTML file at the end of the description. The code contains gaps numbered from 1 to 41. You will need to take the associated Blackboard test.

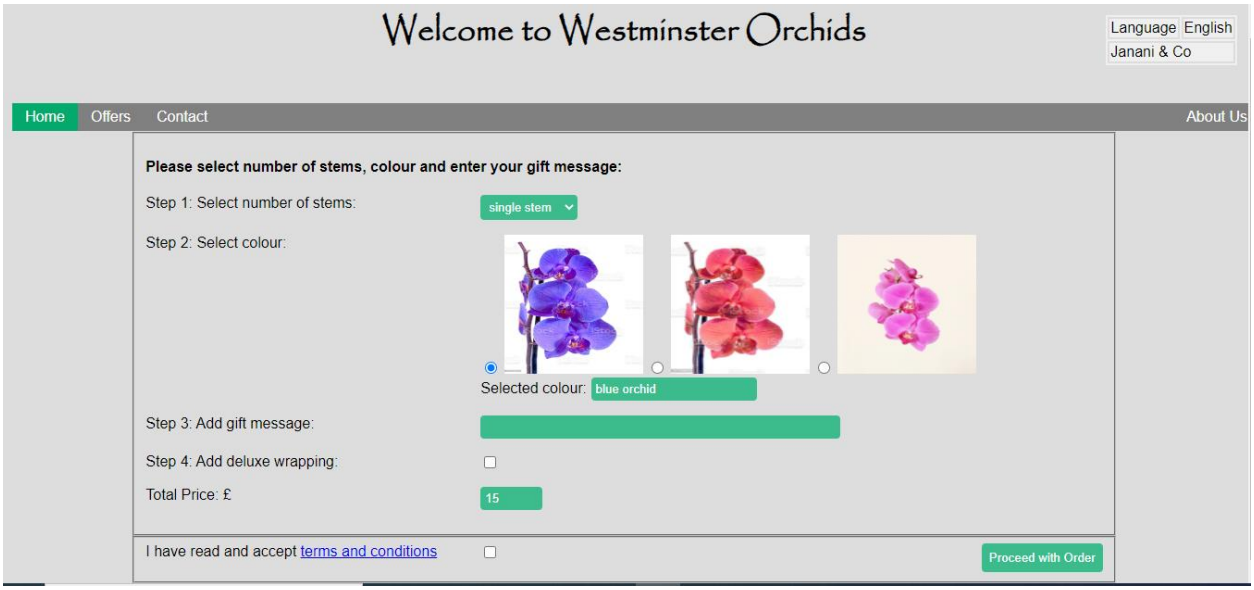

Figure 1: Home page of Westminster Orchids

Figure2: Example of what happens when user hover over "Offers"

Here are a few more details regarding the website:

- It makes use of the arial or sans-serif font.
- There is a 10px margin at the bottom of the main navigation (nav element) and 2px margin at the top, while the left and right are both identical.
- The default underline on the links in the main navigation has been removed.
- When hovering over the navigation options, these get displayed as shown in Figure 3 above and the color used behind the navigation options is #ff6347.
- The active element on the navigation bar gets a background color of #04AA6D.
- The navigation elements remain in the same place, regardless of the size of scrolling the window.
- The title of the document is Welcome to Westminster Orchids.
- Level 1 heading will be displayed using the font fantasy, the color code #8B0000, and font size 40px. The text will also be aligned in the center.
- Clicking on the terms and conditions will open a new page with terms and conditions in a new tab.
- The form information is wrapped in a container with a top margin 80px and no margin at the bottom with two identical margins in both right and left.
- The element containing the author's information and language is placed right at the bottom of the browser window, regardless of the size of that window.
- A one stem white orchid at a cost of £15 is the default item.
- The available orchids are:
    - Blue orchid image: blue.jpg (default color)
    - Pink orchid image: pink.jpg
    - Purple orchid image: purple.jpg
- Costs per number of stems:
    - One stem = £15 (default price)
    - Two stems = £20
    - Three stems = £25
- All other information can be deducted by observing the screenshots and code provided.
- **NOTE, in the CSS section, the semicolon ';' is not part of the gap, so DO NOT ADD A SEMICOLON AT THE END OF YOUR ANSWER**

- **CSS file:**

```
img{
        width:150px;
        height:150px
        }

label {
        float:left;
